The power of Technology 

just 1,8 kg

**COIL & CORE TRANSFORMER,  
OFFERS NOT ONLY THE SAME  
RELIABILITY AND DURABILITY  
BUT ALSO ELECTRONIC  
COMPATNESS**

We challenged the technical limits in the development of a very small size coil and core transformer in the weight of 1.8kg only for cold cathode and neon signs. Ideal for narrow space, small channel letters, cove lighting and false ceilings, with the proven of its reliability and durability, least interference with metal objects because of its low frequency current, enabling your lamps to run 24/7 (within specification).

冲破技术极限，BROLLO SIET (思盈) 创造了一个非常细小的铁芯线圈电感变压器，其重量只有1.8公斤，尤其适用于狭窄的空间、体积小的槽型字、暗槽灯和假天花。全因其经验证之可靠性和耐久性 - 其低频率电流与金属体所产生的最低程度干扰，允许你的灯管能不间断地工作（符合安装规范）。
